

## PCB Operator Station FX-HW1

### Technical Characteristics

- In – Out SMEMA Interface
- ESD Safety Design
- CE Compliance
- Flat Belt (Width 3 mm)
- Weight 150 Kg
- Power Supply 220V 50Hz 1A
- Conveyor Speed 6 m/min up to 18 m/min
- Automatic Width Adjustment

### PCBs & Rack specification

- Max/Min PCB width 500 mm/60 mm
- Max PCB length 457mm

| Standard Modules            |  |      |          |
|-----------------------------|--|------|----------|
| L                           |  | 1000 | 1500     |
| W                           |  | 800  | 60 – 500 |
| Special Length Upon Request |  |      |          |
